WORK EXPERIENCE

Freelance Full-Stack Developer

Remote Jan 2024 - present

- Designed and developed QuickCart, an e-commerce platform with buyer/seller role-based authentication, secure checkout, and order tracking, resulting in a streamlined shopping experience for 100+ users.
- Built a real estate listing platform with advanced property search, image galleries, and agent contact forms, improving property visibility and client engagement by 40%.
- Delivered a photographer's portfolio website with responsive image grids, lazy loading, and SEO optimization, leading to increased portfolio visibility and faster loading times.
- Implemented UI/UX best practices with React, Tailwind CSS, and accessibility standards, reducing bounce rates and improving user satisfaction.
- Tech stack: React, Next.js, Node.js, MongoDB, Inngest, Clerk, Tailwind CSS.

Full-Stack Software Engineer Intern

Jan 2025 – June 2025

TechBridge Innovations – Nairobi, Kenya •

- Developed and deployed a property management web platform used by 15+ real estate agencies, improving property listing efficiency by 45% and reducing manual documentation by 60%.
- Implemented secure user authentication and role-based access control using Clerk and MongoDB, increasing system security and reducing unauthorized access attempts by 80%.
- Optimized API integrations for payment processing and messaging, cutting transaction errors by 30% and boosting customer satisfaction scores.
- Collaborated with UI/UX designers to implement responsive front-end layouts with React & Tailwind CSS, improving mobile accessibility and reducing bounce rates by 35%.
- Contributed to Agile development sprints, achieving an on-time delivery rate of 95% for client features

Full-Stack Software Engineer (Intern)

NITHUB – Tech Innovation Hub • Lagos, NG • 2023

- Collaborated with a team to design and test scalable full-stack applications, leveraging React and Node.js.
- Assisted in integrating APIs and debugging issues, improving system reliability and reducing downtime by 20%.
- Participated in Agile sprints, contributing to cross-functional teamwork and product delivery.
